RE: U.S. Patent No. 6,994,361, issued 02/07/2006, titled "Steer Wheel Control System With Trimmable Rotary Plate"

Dear Sirs:

Enclosed is a Revocation of Power of Attorney and Appointment of New Attorney (POA) to be entered in the U.S. Patent and Trademark Office for U.S. Patent No. 6,994,361, issued 02/07/2006, titled "Steer Wheel Control System With Trimmable Rotary Plate". This document was originally filed with the Commissioner for Patents on November 20, 2007, to be entered for the 17 patents and 1 patent application listed on Exhibit "A" attached to the POA. However, a "Response to Request for Change of Power of Attorney" was mailed by the Office of Initial Patent Examination on November 28, 2007. The Response indicated that an individual request is needed for each application and recommends the use of a Customer Number.

Please consider this an individual request to be entered for U.S. Patent No. 6,994,361 to be associated with the Gunn & Lee, P.C. Customer No. 30553.

Do not hesitate to contact us if you have any questions regarding this matter.

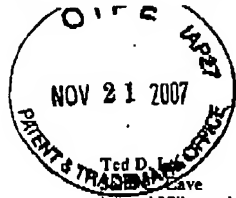

Sincerely,

Maria Del Jesus Vidaaurri

RESPONSE TO REQUEST FOR CHANGE OF POWER OF ATTORNEY

The enclosed power of attorney change requested has not been made because it requests the attorneys be changed for several applications. The request is has not been processed and a copy of the request is enclosed. An individual request is needed for each application.

The Office strongly recommends the use of a Customer Number. When a Customer Number is established, the process of changing address and attorney information becomes simplified. Rather than changing several applications individually, the Customer Number updates can automatically update attorney and address information for each case to which a Customer Number is associated.

For more information about establishing a customer number, please contact the USPTO Electronic Business Center at (886) 217-9197. Application forms for a Customer Number are available on the UPSTO website at www.uspto.gov.
